## iL Professional 6000F/MP

***Precision and best cleaning - The load receptors of the iL Professional series not only stand out in terms of their robust design but also due to a high weighing accuracy. Due its easy-to-clean construction by means of its load platters which can be lifted up the load receptors can also be used in hygienically critical environments.***

**More information**  
High performance  
with a wide range of  
solutions and options.

### Product description

The iL Professional F/MP can be used as a single interval scale for weighing ranges from 1,500 kg to 3,000 kg at a load capacity of 6,000 kg. In combination with Bizerba weighing terminals it can be used for checking and commissioning. The load platter which can be lifted ensures easy and effective cleaning. With its flat design it can be perfectly integrated in the most different systems or be lowered into the floor as a built-in floor scale. Due to its modular design this load receptor offers by default a large variety of variants for most divers customer requirements.

The iL Professional F/MP series as explosion-proof models can also be used for hazardous areas classified as zones 1/21 and 2/22. Same as with all our explosion-proof models they meet the latest ATEX guidelines.

iL Professional 6000F/MP

### Highlights

- High IP rating: IP68
- Robust version for harsh industrial environments
- Overall height of weighing platform only 87 mm
- easy cleaning
- Versions:
  - freestanding
  - built-in
- Large spectrum of variants due to modular components
- Various material versions:
  - V2A
  - V2A, checkered plate

### Options

- Load platter versions:
  - Bolted on load frame
  - For lifting up
- Pit frame
- Pit support plates for existing pits
- External cable junction box
- Explosion-proof version suitable for zones 1/21 and 2/22

### My Bizerba

We offer you solutions from a single source which can be customized and allow you to respond to any change in a flexible manner. Benefit from costs which can be planned and efficient processes. We are happy to advise you.
