

Linerless at its best

The efficient labeling solution for logistics

From the package up to the pallet

No matter what industry or products: The versatile PAS-L can be easily integrated in any supply chain and opens up new possibilities for you with matching Bizerba linerless labels. Whether intralogistics, shipping in e-commerce or fully automatic logistics center: Make use of your potential for streamlining processes, efficiency and sustainability.

Labels and hardware— perfectly matched to each other

Avoid waste and reduce time thanks to less roll changes. Reduce the need for storage space, set-up times and disposal effort. For a reliable performance, the PAS-L and the Bizerba linerless labels are perfectly matched to each other.

Bizerba linerless labels

- **No waste** since no backing paper and no punching residues
- **Efficient** with up to 50 percent more labels per roll
- **Economic** thanks to less printhead abrasion
- **Universal** adhesion on all common package formats and surfaces
- **Individual** due to variable, need-based label length

Labeling system PAS-L

- **Compact** and easy to integrate
- **Fast** and tool-free printhead replacement
- **Flexible** application: Top, side and over the corner
- **Versatile**—from the package up to the pallet
- **Easy** printing—all print data directly from the PC
